A Trying to Establish Max Common Recognition by Program Purifying Truth.

Following are decisive truthes for establishing unique and only recognitions for saving the emergent world. You(scientist and those who could do) must opt yes or no for each numbering propositions to establish global massive solidarity against the evils.   2012/3/29

LOGIC BASIS <☠☞:see APPENDIX:Summary of Propositional Logic>.

A **proof** is showing self-evident validity as for result=Q from cause=P(＝universal common recognition(concept previously established by observing experience by all＝**tautology**)). For example P={A=B,B=C},then Q={A=C}.Then note that such variables A,B,C can be anything all observable (**tautology**).On the other hand, **true** is an universal common recognition(observing) for result from cause by anyone(**tautology,expermental low**).

L1/:Goedel Completeness Theorem(deterministic causality):

A deterministic causalitycal truth is provable to be unique.

*This is the Most Foundation of Science.

L2/:Imcompleteness Theorem(randomness(probability) due to information loss):

There must be something **indefinite** in non-contradictional theory with natural number theory＝**Statistical Phenomena** caused by something singularity(**information loss**) .

http://www.777true.net/Goedel-Chaos.pdf

*exampleL2-1)*Infinity＝∞ in natural number set.

*exampleL2-2)*zero＝1/∞ in real number. ⇒ M1/:

*exampleL2-3)*Information loss in **decision making** is to become probabilitycal one.

L3/:Contradiction causing Soft System Decaying in this material world.

　　Saying lie(both **affirmative** and **the negative** are simultaneously true)is contradiction.

　　Fraud with lie is begginig of thief,and error shall cause trouble in our dairy life.

　　Contradiction causing All Mighty Realization in that vacuum world !!!.

Assuming a contradiction(humbug) enable any propositions **true**(≡realizable).

Therefore,our physical world could not so,but **non-physical(vacuum) one could be so !!!**.

⇒ Q2/,　**God the all mighty being.**

Note **"true "** could be defined as **an observable realization** in physical world.but false is not.**Quantum Physics** originaly experimental science was found to be theoretically reconstructed from **logic on observation**(Birkof-Neumann).It must not be **metaphysical idealism,**but physical science K.Goedel the father of modern logic was not Jewish,but he could not help to refugee to USA. And also there,he encountered tragedycal death.

Mathematics Basis:

M1/:real number zero is indefinite,so it can be both nothing and simultaneously non-nothing.
Note "zero" is something contradictional !!!.

*proof)*Max number=M in natural one set is indefinite{1,2,3,4,.........,M},So the least real
number zero of 1/M in set{1/1,1/2,1/3,1/4,.........,1/M}must be also indefinte.

*exampleM1-1)***chaos**.

stochastic sample process(a realization as deterministic being) with the realization
probability by zero. Those are observable and simultaneously non-observable

exampleM1-2) a solution of **fluid equation** with **finite friction term** can not long term one.
          Short term weather prediction is possible,but long term one is not.

exampleM1-3) geometrical size of elementary particles in standard theory are all zero.
            None could determine geometrical size of eletron !!!.

*exampleM1-4)*The tragedy of G.Kantor the farther of modern mathematics foundation.
From the beggining ,real number can not be sequentially arryed due to the definiteness.
http://en.wikipedia.org/wiki/Cantor%27s_diagonal_argument
Any concerned set is countable of Aleph-0(discrete natural number).

Quantum Physics Basis:

Q1/:**Non-contradictionality of observable physical world**.

In observable physical world,both a realization and the negated one could not be
simultaneously realized.We never can see double images,but observe unique realization.
*exampleQ1)***Causality:**That a **cause** yields unique **result** is to establish mathematical
relation(L1).   Arithmatic as cause(left terms) to result(right term) a⊗b=c,

Q2/:**Contradictionality of non observable nothing(vacuum)world.**⇔ **M1/**

If nothing world be,the world could not have any finite physical low of non-nothing one.
Because,none could prove being of any finite low in nothing stage. Therefore it could be
all-mighty world without any restriction of physical low of non-nothing world.
Therefore this universe could start its creation from the all-mighty world. Then once
observable matter had been created,those must become non-contradictional world(Q1/)=
Birth of the Physical Low(Quantum Physics).

*exampleQ2)***The all-mighty world is simultaneously that of God.**

Thus author had turned to be God beliver and had noticed many marvelously important
ancient religions **prophecies toward apocalyptic now world**.Ofcourse this impact is not
only for author,but also for you !!!.This section is the most kernel and the aim of this report.

Climate Science the most emergent at now world.

Why such outrageous facts has been hiding or neglecting is the most mystery at now world.

http://www.777true.net/IPCC-the-injustice.pdf

http://www.climate-change-emergency-medical-response.org/ipcc-reasons-for-concern.html

By anyhow,this is the highest priority emergent problem at now world without any doubt.

Time left for rescueing may be less than about 5 years.

☞ **Fig2** is mere a sample calculation to show RF(=1.6W/m²),but not necessary to assure the actuality of {m,@,T₆}.

Earth's heating up is decisively evident in above heat budget equation both by observation and theory !!!.   97% climate sceintists affirm man-made global warming.

ARCTIC METHANE EMERGENCY GROUPE

http://ameg.me/

C6/:FireBall Earth Prophecy in John's revelation(Apocalypse) and in Al Qur'an.
see *exampleQ2*)

The last stage of Arcitc methane catastrophe would be fireball earth due to the huge amount of reservior (500～1000GtC) eruption by temperature rise in Arctic seaflor and zundra.
!0GtC eruption would cause twice temerature rise since industrial revolution.

Then the eruption become strong GHG, which accelate more temperature rise and eruption.

Once the terrible positive feedback had been triggered,it could not be stopped untill full eruption(huge amount of flamable gas CH4),which would turn to cause this earth fireball one.

C7/:The essense of prophecies in the Bible and in Al Qur'an. see *exampleQ2*)

After all,mankind with free will(however God knows its future)and without **repentance** would cause **own extinction** due to their sin(without repentance).Therefore God who have known those has been warning toward mankind.Note it is not God,but mankind-themselves who are to cause own extinction.Extremely to tell,mission of the Bible and Al Qur'an may be these.**Satan against God,without repentance** and mankind is the kernel problem of now world.

Economy now the Deluional Science ?!

EⅠ:Economy Calculus(Economy Network Dynamics).

In the long history of mankind,economy had been that of **self-sufficient agriculture** without expertizing.Many would disdrain those civilizations due to the far poor than that of today,but they would be deeply regret today's ultra excess economy of decadance(CCC) before long.

By developing comercial trading due to divisional expertizing productions,problems of economy today beomes analyzing **trading amount(=monetary flows) and the stability.**
(Economy Network Dynamics(END) with variables trajectory forcasting or planning).

http://www.777true.net/img009-Introduction-to-Quantum-Sceience-the-frontline.pdf

Then economy actors has been entirely devouring to gain **profit＝outgoing－incoming**.
However it's **impossible** to make **all of them rich** without **debt＝outgoing－incoming**.

They had entirely been hiding or never had been refering above serious relations.

E1/:Total Sum of Debt＝Total Sum of Bond in closed dealing system.

http://www.777true.net/Zero-Sum-Theorem.pdf

Someone's debt must be someone's bond.There is no debt without lender.There is no bond without borrower.So above fundamental financial equation may be evident without calculus.
Author could not find economy textbooks which state the zero sum theorem.Why not ?.
Maybe strong delusion with prejudice for money,most of themy had been considering monetary assets is larger than debts.Thus Lehaman bankraptcy(2008)may had occured.

E2/:Debt has entirely been transfered to *PUBLIC* from *privates* with conserving Bond.

Consequently sovereign crisis in many nations now revealed. Unless wealthys bond vanishing,borrowers debt never be vanished.Recession is due to **private** economy collapse, so people would lose their income to become poor.While also the last rescue **public** function
(government) becoming poor would be **"total collapse except very few wealthy"**.

EⅡ:Economy encountering Climate Change Crisis(CCC).

E3/:The established global economy system with huge carbon energy is impossible.
As was mentioned in **Climate Science,**the possible surviving economy sytem must be with less than 20% carbon energy. By anyhow,the established system never can be.

....

Now you could see that massive of us now has been facing unprecedental, emeregent and extremely serious double crisis of our life(to be, or not to be).

Hereupon those could not help to be final option of ideology whether we should co-live with least,or few should live with most.

E Ⅲ:The Final Opting for Religion-Economy Ideology and the Regime.

E4/:opting **operation EndGame** due to **Eugenics Ideology(Satan side)**.

＊EndGame HQ full length version

http://inri.client.jp/hexagon/floorB1F_hss/_floorB1F_nazis_X.html

http://inri.client.jp/hexagon/floorA6F_hc/_floorA6F_hc.html

Hell of eugenics is fact and could be seen in NAZIS history.Note they never be exterminated, but has reincurnated as **the Bilderbergers** and **CIA-military industry complex** in USA.

It is terribly ignorant and stupid that curent trend of now world is this line due to CCC.

The final stage might be atomic bomb AB-war exterminating most of lives on earth.

http://www.777true.net/Essentia-Criminal-for-Causing-the-Massive-Palestinian-Refugee-is-EUROPE-USA.pdf

Carefully note that most cruel AB war method coud also be easier way to stop CCC by reducing carbon emission and by cooling this hotter earth with long years nuclear dusty cloudy shutting down solar ray input.Those details must be surveyed and warned emergently.

E5/:opting **operation Global Ramadan** due to **Religion Ideology(God side)**.

http://www.777true.net/OPERATION-GLOBAL-RAMADAN.pdf

http://www.777true.net/GLOBAL-DECLARATION-WAR-on-CARBON-with-Geo_Engineering_Part_D.pdf

On the contrary to above endgame op,this op would be long tough years(RAMADAN).

However the victory shall re-create hoplefull new healthy world forever.

As its very original principle,we should live in old and naive traditional way.Modern decadant technolgy is mere strong delusion to own extermination..After all,people now world has been in **the last actual trial** whether they could opt to co-live,or not.

E6/:**Job securing in operation Global Ramadan or in National Family Economy.**.

How to secure our life and jobs both in the Great Resession and in Coming Wild CCC ??.

An answer may be evergybody becoming solider as public servants in semi-wartime rationning regime.Whole nation people should be a famiy with a mother government.

http://www.777true.net/National_Family_Economy_System.pdf

May all people be with glory of God !!!.

APPENDIX:-Summary of Propositional Logic(the skll & bones in SCIENCE)-.

See A2:Introduction to the basic low of comprehension≡Logic

http://www.777true.net/Firstproblem-USA.pdf

(1)**The duty of science(LOGIC) is judge it(≡proposition) true or false.**

proposition＝:judgemental statement as(subject + predicate)≡A which must decisively

can be judge to be either true≡**1**,or false≡**0**.

(2)**negation:**⌐A≡not A.　then true＝**1** become false＝**0,** and false＝**0** become true＝**1**.

☠☞:**Turning false** could make **ture** !!!!!!

(3)**inference:**A⊂B:If cause＝A(presupposition),then result＝ B (conclusion).

	B＝1	B＝0
A＝1	A⊂B＝1	A⊂B＝0
A＝0	A⊂B＝1	A⊂B＝1

Also inference≡I is proposition to be judged 0,1.

Note if presupposition＝**A** **is false**,then conclusion of either

B＝0 or 1 could become right inference(**humbug**)

☠☞:As for the table,you must carefully examine those **inference meanings** !!!!!!

A false presupposition(contradiction(8))could cause **any inference true**(**choas lowless**).

(4)**proof(modus ponens≡MP):**{A＝1, A⊂B＝1},then B＝1.

Only case of both presupposition and inference are true,then conclusion=B is true.

(5)**universal true inference(deterministic causality)＝tautology.**

For any meaning of {A,B},A⊂B≡1.then the inference is called tautology(the kernel in proof).

example)P={A=B,B=C},then Q={A=C}; P⊂Q≡1

If we defined as A=falling rain,B＝growing plants,then inference could be either true,or false.

where rain falling land is soil or asphalt. Then the inference could not be tautology.

(6)**the structure of tautology:**<∨≡**or** junction,∧≡**and** juction>

A⊂B≡⌐A∨B.　As for becomeing (⌐A∨B)≡1, B＝A∨R.<R ＝arbitrary>

Essence of Tautology is repeating same words.If cause

A.then result (A∨R)＝B.

Example1)*heat injection causes temperature rise*,then temperature rise was defined

as something indicating higher by heat injection.This is taughtology.

Example2)Newton dynamics equation **F**(force)＝*m*(mass)x**a**(accelation) is not taughtolgy,

Example3)General Science Theory＝Logic(skull bones)＋Fundamental Postulates(flesh).

(7)**Predicate Logic** can become **Proposition Logic** by the descrete expansions.

As for all(a certain)x, "x is P"$\equiv \forall x\, P\, x\,(\exists x\, P\, x)$.<*Predicate Logic*>. Also see *exampleM1-4)*.

`noun set` $x \equiv \{x_1, x_2, x_3, x_4, x_5, \ldots \ldots\}$ and predicate＝P are all bservable(**semantix**).

While the symbol relations are called **syntax**.Note each $(x_j\, P\, x_j)$ is a *propositional logic*.

$$\forall x\, P\, x = (x_1\, P\, x_1) \wedge (x_2\, P\, x_2) \wedge (x_3\, P\, x_3) \wedge (x_4\, P\, x_4) \wedge (x_5\, P\, x_5) \wedge (x_6\, P\, x_6) \wedge \ldots \ldots$$

$$\exists x\, P\, x = (x_1\, P\, x_1) \vee (x_2\, P\, x_2) \vee (x_3\, P\, x_3) \vee (x_4\, P\, x_4) \vee (x_5\, P\, x_5) \vee (x_6\, P\, x_6) \vee \ldots \ldots$$

(8)**Contradiction:** $\ulcorner A \wedge A = 1$.

simultaneous realization(true) of affirmative somthing and the negative.

*Famous example may be ancient China tale.A weapon merchant was selling spear and shield with saying this spear can break any shield and that shield can protect any spear.

A passer asked him "what would happen when this spear hits that shield ??".

Thus contradiction in this world is such as **false**(or **error**) in something software-like.

Mistaken design or machine trouble is error in those normal function.

DestructionTheorem) if $\ulcorner A = A = 1$(contradiction)、then any arbitrary B＝1(true).

proof)$\ulcorner A \subset (A \subset B) \equiv \ulcorner A \subset (\ulcorner A \vee B) \equiv [A \vee (\ulcorner A \vee B)] \equiv (A \vee \ulcorner A) \vee B \equiv 1$(taughtology).

   Hence $\ulcorner A = 1, \ulcorner A \subset (A \subset B) \equiv 1, \rightarrow A \subset B = 1$(MP)、

   In the other hand,we can derive;$A = 1, A \subset B = 1 \rightarrow$、$B = 1$(MP).

(9)**Proof by Contradiction(reductio ad absurdum):**

In order to proof B,we show supposing not B can not be non-contradictional.

(a)Direct proof is right:{A＝1, $P \equiv A \subset B = 1$},then B＝1.

(b)Indirect proof:if A＝1,and $\ulcorner B = 1$,then $\ulcorner P \wedge P = 1$(deriving contradiction).

Proof) If A＝1, B＝0,$\rightarrow$ $P \equiv A \subset B \equiv (\ulcorner A \vee B) = 0$. hence $\ulcorner P = 1$,hence $\ulcorner P \wedge P = 1$.
