

Coming Climate Hell Caused by Defeat In Class Struggle. 2019/02/19

Technologically, climate fixing is possible, but **Politically**, it has become deadlock.

Essence come from denying visible, but lighting darkness of *who rule all from behind the world*,

The Bible, Ephesians.

6:12 For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places. Wherefore take unto you the whole armour of God, that ye may be able to withstand in the evil day, and having done all, to stand. Stand therefore, having your loins girt about with truth, and having on the breastplate of righteousness; And your feet shod with the preparation of the gospel of peace; Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked.

Operation EndGame.

For the New World Order, a world government is just the beginning. Once in place they can engage their plan to exterminate 80% of the world's population, while enabling the "elites" to live forever with the aid of advanced technology. For the first time, crusading filmmaker ALEX JONES reveals their secret plan for humanity's extermination: **Operation ENDGAME.**

(2) **South Korea's top lawmaker had revealed the deadly Imperial fact !**

Demanding the retirement before his dying is illegal against the Constitution, while USA President is to authorize it by his first meeting with coming emperor as foreign VIP.

Trump likely to be first foreign leader to meet new emperor (2019/02/04).

<http://www.asahi.com/ajw/articles/AJ201812040038.html>

Not only Japan, but also UK, Saudi Arabia, Sweden, of Kingdom nations, there were many insidious Imperial family corruptions without law suits <**APPENDIX-5**>.

The world has been being ruled by wealthiest and such **privileged** nobiliest the hereditary, it is which that has been causing global extermination by Climate Hell. Because the fixing decisively needs global **REVOLUTION** the class struggle, while they supremely hate it, which had turned **the world upside down** (anti God ruling !).

Top South Korean Lawmaker Seeks Apology From Emperor To End 'Comfort Women' Dispute

<https://pacific.epeak.in/2019/02/09/top-south-korean-lawmaker-seeks-apology-from-emperor-to-end-comfort-women-dispute/>

BLOOMBERG – The Emperor should hold hands with women who were forced to work in Japan's military brothels and make a personal apology if Tokyo wants to end the decades-old dispute, South Korea's top lawmaker said. National Assembly Speaker Moon Hee-sang said in an interview Thursday that Emperor Akihito — as “the son of the main culprit of war crimes” — should deliver the apology before his planned abdication in May.

<https://medium.com/@izana/the-meaning-behind-this-picture-of-emperor-hirohito-and-general-macarthur-e94d5ff2b91d>

It was General MacArthur USA who saved and employed Emperor Hirohito the main war culprit as authorized puppet for ruling **colonial nation Japan** after the war. The Illegal **Position Treaty between Japan & USA** that has been ruling Japan's administration.

In websites, the paper fact had been disclosed, but accusing against USA's responsibility will not appear. This is nothing, but the brutal cruelty by NAZIS reincarnated USA.

<http://ameblo.jp/64152966/entry-11747721386.html>

In order not to grow the power of Japan by anymore and not to be anti-USA, it is necessary to put handcuffs against the energy sector in Japan for coming long years <Zaikai tenbou, 2002/11>.

This terrible situation had been realized since 2011, the cost of which must be paid by USA.

REVOLUTION is more terrible than defeating war by F. Konoe prime minister of the emperor family at that wartime....the Origin of Upside Down World !.

This is a detailed documentary by related Japanese person's testimony at that time.

Also in old Japan Constitution law, emperor's position was **top commander of military**, so his role both in actual actions and in law, his criminal was evident enough.

[2]. Case of the Nation Once Cutted Off Neck of King.

Recent relation between Japan and France might come to tipping point ? Once France had accomplished republic nation destroying ancient regime (1789). It is told 10 French soldiers joined so called Goryokaku war between Samurai government Tokugawa and coup power of retro recovering kingdom supported by UK before 1868. The defeat established emperor Japan.

(1) **Carlos Ghosn former Renault boss and Olympic chief Takada the imperial family.**

This is a very interesting case that once again revealed crime of imperial family in Japan.

In the past, Konoe's family prime minister **Morihiro Hosokawa** was sued by bribery so called **Orange Suspicion**. However the emperor family was not arrested by the privilege.

<https://www.ft.com/content/61e7df32-1590-11e9-a581-4ff78404524e>

Timing of the investigation into Mr Takeda coincides with the arrest of Nissan-Renault boss Carlos Ghosn in Japan....His great-grandfather was **the Emperor Meiji** and he is the current emperor's second cousin.

This is evident that the aim of the authority is to use Ghosn as a hostage against Takeda's charge.

(2) **What is Missing in France now.**

Essentially it may be right that in Europe, way of life is supported by social welfare. While the opposite side is extremely competitive society USA where winner takes all, and defeated poor should die without medicare. Their medical cost is astonishing from view of the other nations. Delusional USA with superficial prosperity is *barbaric Darwinism nation* filled with gun disasters in domestic, and with perpetual false flag coup and wars in abroad. It is anti-God ruling nation without justice, truth and brotherhood. The reason is evident that they are ruled by NAZIS reincarnated by Rockefeller the supremacist and the anti-God. Once NAZIS was funded secretly by wall street (Rockefeller) and defeated them was imported to USA with establishing CIA-military industry complex **the reincarnated NAZIS**. **There is decisive fault that the anti God is stronger than Angel in upside down now world**. European may have same potential of ability, however social welfare society had lost their sharp sensitivity, **while abnormal American has always been being driven by eagerness toward hard work**. Anytime they are at edge cliff of do or die. This is the singular mechanism of **American imperialism with the superficial prosperity**, which is nothing, but had caused unhappy world now. Once someone told that **they become uneasy in peacetime, while into wartime, they recover sanity**. Yes USA is upside down nation ruled by anti-God. Note Europe now has been being ruled by NAZIS USA due to **operation Gradio**. That is, there is **betrayers** who lost royalty to their colleague and to own nation. This fatality is not only Europe, but also Latin America (operation Condor) and Japan (since 1868).

(3) **Substantially any old policy is entirely temporal, but leads only to coming HELL.**

Once France in De Gaulle influence left era, they seemed free, however, the era had changed to be not so at now. In 2015, author went to Paris climate meeting (by NGO) with placard of *accusing the oil merchant Rockefeller*, however Paris police intercepted his entrance.

Thereby, he wrote agitation villa to spread town people in Paris, however those were rapidly stolen while he left that places. So it seems true that **operation Gradio** had established ruling by CIA not only in Italy, but also France and Europe (the reincarnated NAZIS ruling). However some young Paris people seemed sympathetic to author. However their strong tradition of being republic nation people in France is applaudable. They are educated so as **People in different birth go together to co-live !!**.

Frequent violence in Yellow Vests Struggle was told that those are someone who cause strong intervention of Police Power. The many wish peaceful demonstration..

<https://gendai.ismedia.jp/articles/-/58845>

However, both could not win. Because oil price rise would damage rural poor people. Oil consuming as usual would invite Climate Hell. This is deadly contradiction.

Only **global CLIMATE WARTIME REVOLUTION** really could save people. Then non carbon transportation is a **weapon** which must be supported by national strategy. Oil to H2gas rapid transition is technically possible, simultaneously this could be rise of new industry with employment in stagnation Europe. These needs decisive REVOLUTION. See **APPENDIX-4**:

[3] : **USA the Damned Nation Causing Climate Hell.**

None are more hopelessly enslaved than those who falsely believe they are free.

“The Christian religion was intended to be a political revolution which, when it failed, became a moral one later on”J.W.Goethe.

If you wish own stability, at first you must pray whole stability,.....Nichiren the Rotas Sutra Priest..... Only the Sutra revealed being and ruling of God in God-less Buddhism.

(1) **In current momentum, Trump would become Hitler or be prisoned.**

Appearing Trump the populist president has been causing a boom of similar populism leaders in Europe, Asia and Brazil. If the world has no global deadly problem such as climate change, populism the essentially egocentric nationalism by people might be not harmful, but the reality is entirely upside down. If society was going toward chaotic, becoming egocentric is to cause more chaos, while becoming cooperative by tolerance with others, society would have chance to recover from having become chaotic. The insidious global elites (the deadly conservative) seems to hate Trump appearing, while they might welcome his politics. **After all, Trump presidency now has been causing the world toward unprecedented global extermination.**

(2) The other view is that his team tried to make enemy friend by inviting his government team and make them to work together toward accomplishing their plans. If the latter could have accomplished, USA would become harmless ordinal nation. However time left for global saving is imminent !!! Essentially he is a salesman who sell what people want (populism). **Therefore, unless people really became wise with facts, people would take own failure at last.** (Above all, unless rapid constructing manmade cloud cover Arctic see to intercept solar input, or giant ice wall ring in Arctic now becoming warmer and warmer, huge Methane burst would burn and exterminate the world before long !!). <See [3]:(3)(4)>

(3) **Who is Real Enemy and What They Conspire.**

By observing USA president Trump, author could not help, but feel that how terribly USA has been being ruled by **brutal NAZIS reincarnated** in USA after the operation Paperclip (this is

not only USA,almost now world the upside down). It is so called ruling by **CIA-military industry media complex the fascism** due to NAZIS inheritance<see APPENDIX-2:(5)>.

Originally he was naively trying to alter USA as ordinal nation without terrible load of global ruling directed by **Bilderberger**(Rockefeller,UK imperial,..) of wealthiest and nobility the hereditary.Their fundamental philosophy is **supremacism ruling**.That is,*people and nation the major are those who should be exploited by nobility the minor and strategy of perpetual struggle by setting enemy toward global hegemony winning*.Thus the world has always been chaos with struggles & disputes.**Above all,it is Rockefeller who substantially had crooked and intercepted Really Effective Global Climate Fixing Policy(Climate Wartime Regime).**

Turning this deadlock is nothing,but REVOLUTION.

Note the silent climate scientists society seem to have become **desperate for the time left**,however **rapid global wartime regime transition has possibility of surviving !!!**.

As for which,also author could not assure 100% success,however **he can declare that nothing REVOLUTION is certain toward CLIMATE HELL !!**

Paris agreement(2015) is mere a hypocrite to deceive global people as for Arctic Methane Risk.They never refer the deadly emergency.Thereby telling the truth is nothing,but global REVOLUTION turning the upside down world,as for which the supremacists terribly hate.

(4)What is Missing in USA.

The first and last thing demanded of genius is love of truth.

Nothing is more damaging to a new truth than an old error.....J.W.Goethe

Now USA had been dividend to those who follow the regime and who became against it.However the latter seems weak to alter the world.Because they are told declined class of white people in USA and are poor both in money,power position and intelligence, because,necessary Scientists and Experts are almost in the regime side !!

Above all,People in USA (the oil merchant Rockefeller ruling nation)has been terribly being **brain washed** to be against ideology of **communism and climate** .Or in another simple phrase,they has strongly been brain washed not to revolve the current regime.

Note also in yellow bests struggle in France,they are told to be lack in able leaders.

<http://www.777true.net/Life-Assurance-by-National-Strategy-in-coming-climate-WAR-TIME.pdf>

If you opt surviving in coming climate worsened world,it needs something transition in your life.**Above all,It is wartime**,in which you never wish life before !!!As a whole(national emergency strategy),we could save foods and water(the minimum livelihoods resources) for the time being.Rapid transition in new energy saving is similar with **rapid weapon production by national emergency (international) strategy**.Thus **rearrangement in industry** become inevitable as the strategy.By following it,**rearrangement in employment** become also inevitable.**Minimum Life Assurance** must be kept by national emergency(international) strategy,because unless it,all people could not consent the unusual transition. thus once people had consensus on wartime regime,it is not impossible to do.

http://www.777true.net/Your-Possible-Opting-is-only-REVOLUTION_or-EXTINCTION.pdf

(b) **Arctic Cooling geo-Engineering the Most Emergency Task at now !**

This is deadly problem that had caused climate scientists silent. However none had proved its impossibility,thereby,there is nothing, but tackling it !!

<http://www.777true.net/Arctic-Cooling-Engineering-the-Summary.pdf>

<http://www.777true.net/Rapid-CO2-Absorption-with-Mineralisation-of-CO2-by-OLIVINE.pdf>

Following are decisive political mind problems

(c) **Status Declining is to Cause People Hatred(Falling Angel→Satanization).**

Climate wartime regime is to demand life level down by some degree,as for which,many not poor hate.Above all,entrepreneur hate own enterprise declining,,then how to overcome?

This is deadly problem of do or die !!

(d) **Extreme Singularity of the Wartime Regime without Visible Bomb Hitting.**

Deadlock of **making mind toward establishing climate wartime regime** may be nothing real vision on coming awful climate hell world. Even the many scientists live life as usual in facing imminent Methane burst risk <punishment of burning in hell> !!!.

Nothing is stronger than fear for dying, so past wartime regime establishing succeeded. Even any wars in past never caused global extermination, **while climate could do !!!**, though none told reality of coming awful climate vision, but only musician **Marvin Gaye, Rolling Stones, Alexandre Scriàbine,.....Jucerino.N.R** and **Hitler** did it <APPENDIX-2:>.

(e) **Religious Deep Despair.**

Also **the Bible(Apocalypse)** and **Nordic Myth** describe end of world the last judgment.

<http://www.777true.net/Scientifical-Mechanism-of-Prophecy-by-Paranormalities.pdf>

This is problem of *religious deep despair* on so called coming Apocalypse Era. In facing coming climate worsened world, some people seem to be in Religious Deep Despair.

Once retrospecting our life in the past, we failed and did many sins. Therefore, those think it may be reasonable to face era of the last judgment. Or mankind is too barbaric to be war animal who had done outrageously brutal and cruel history against mankind-themselves and the nature. **After all, mankind could not have done real repentance taught by the Bible.**

The consequence is world burned as foretold by the Bible.

Also the Nordic Myth seems to have similar aspect with the Bible. It has same last stage of world burned. It is the last stage in perpetual struggle and war history.

<Also see **APPENDIX-6: Historical Trauma caused by Perpetual Struggles and Wars**>.

Thus the kernel of problem is **REPENTANCE** the teach of co-live with justice, truth and brotherhood <main theme of the Bible called **Gospel**>. Certainly now the world is ruled by **injustice, fakes and hatred** against the teach to have become **upside down world** !.

After all, due to above mentioned theology,

REPENTANCE is nothing, but **REVOLUTION** turning the **Upside Down World** !.

The Bible, Ephesians.

6:12 For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places. Wherefore take unto you the whole Armour of God, that ye may be able to withstand in the evil day, and having done all, to stand. Stand therefore, having your loins girt about with truth, and having on the breastplate of righteousness; And your feet shod with the preparation of the gospel of peace; Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked.

APPENDIX-1:Scientists do analysis,while engineers do synthesis by cut and trying.

As for which,also author could not assure 100% success,however he can declare that nothing revolution is certain toward CLIMATE HELL !!

This is the most concern for everyone,as for which ,following are those supplements.

(1)To tell from Conclusion,climate scientists seems pessimistic,while engineers optimistic.

Because the latter is person whose business is finding trouble to fix by cut and try the heuristic approach.They know both desperate and hope.Note climate fixing is not science only,but main work is engineering.**For decisive and most important example,the supreme risk of methane burst in Arctic,scientist had become desperate,while engineers proposed Arctic Cooling Engineering.**

<http://www.777true.net/Arctic-Cooling-Engineering-the-Summary.pdf>

(2)Author has strong suspicion on ability of climate scientist.This is the reason.

If you see global temperature records,annual records are randomly and largely fluctuated between average value.Why so largely those fluctuate ??.Since author began learning climate science from 2007,he had been in the question.**While no scientists answered.**

This is very serious big problem for our dairy life,on which also amateur people could agree..

<http://www.777true.net/Uncertainty-Causes-in-Climate-Dynamics.pdf>

In 2016,author could reveal the cause due to uncertainty mechanism in fluid-dynamics.

This is problem of who familiar with math.However the actual observed data agree with the theory,so also amateur people could agree.It is so called normal distribution the probability.

Then author happened to find cyclic solar heat fluctuation,which is stronger at now.Thereby recent years strong heat wave so on may be partly due to temporal solar fluctuation.

As for which,no climate scientist tell<at least in authors information collected>.

They had become desperate by the data.What author wish to tell you is that becoming desperate may be too fast at now !!,however it is certain time left is not so much !!!

The Supplement.

Author has bee repeating Scientists Repentance toward Global Liberation in upside down prison planet now facing global extermination.Possible option is too evident.

N=Nothing Repentance→ global Extermination Risk→ Non Scientists Coup.

Y=Repentance Rushing→ starting global REVOLUTION.

It is not that climate diagnosis never be done,but only by climate scientists.

The most our concern climate fixing is mainly task of engineering.Author is optimistic on energy engineering,while singular Arctic Cooling Geo Engineering has been left by the R&D.However cloud making method is told established one.Ice wall making in severe winter season is possible to calculate its outrageous big scaling,however it is not impossible.

..."separation of the extreme would be more advanced.After 1989,mankind separation would have advanced more and more as very minor new type of ruler and as new type of massive

ruled. One operate everything, while the others are ruled all with unconscious. It is not only mankind, but also globe with universe would go into big change. After 1989, mankind would go access toward unprecedented big Catastrophe. Once in my young age, I wrote it that **mankind would be revenged someday by big nature** in "Mein Kampf". It is era after 1989. Mankind had become boast to do harm against nature, which would turn to cause big disaster as the revenge against mankind. And finally it would lead mankind toward **supreme unimaginable state**. It is after 150 years from my birth. The coming supreme event can be seen clearly by my-self inspiration, even though, it is unbelievable..... In the end of 20th century, it would be **substantially ruled by NAZISM** even though its superficial seemed ruled by democracy or socialism. Coming world would be separated to who rule and massive who are ruled, as is my hope, and both nation of democracy and socialism would go competition and killing with each others by employing weapons developed in NAZIS. It is also convulsion era of nature. Mankind would be terribly revenged by nature. Also **climate would be separated into two** of sever heat wave and sever cold one, fire and ice, big floods and big droughts. Those would alternately attack ground.

(1)Above is Japanese.Summary and coarsely to tell,at first<0 jobless approximation> ,nation is to pay all the nation people **basic income** without any restricted condition.Then salary above basic income amount at present must be subtracted by basic one amount to pay tax by company.Thereby salary amount never change.Also **almost nothing paying cost increasing in company.**

At 2nd<not 0 jobless approximation>,now your income is fed for your family(wife and children without income).Then **jobless people** is to be counted as adding your family by few **jobless rate** degree in **national average meaning**<this is a few tax increasing component>.

(2)Thereby,even **in ECONOMIC REGIME CHANGE** by technology or by **Climate Policy**, your income could be assured by BI.This is also **saving minimum market size by BI.**

(3)A people becomes impossible to do,when he feel also massive others consider it so.
A people becomes possible to do,when he feel also massive others consider it so.

(4)**Once people had become aware on deadly climate reality,**

they could do their best to survive.Trust and Bet it at now !!!!

Introduction:*They say 100% renewable energy is possible,*

<https://reneweconomy.com.au/100-renewable-energy-is-possible-practical-logical-setting-the-record-straight-46562/>

However,by 2050 is too late,even as though,the resources of wind and solar are too sufficient for the demand,and the technology had already established.Nothing is only rapid implementation policy due to the old regime.Then it is only global climate wartime regime transition that can do.

Generally telling,generating H₂gas needs more energy than that of H₂gas itself.

This faulty problem is discussed in last item.Surplus electrical power(solar and wind turbine off shore)can not save its power in tank,however those could be effective to H₂gas generation to tank saving. Now there are two hydrogen technologies as follows.

HCM=Hydrogen Liquidation similar as Gasoline.

(1)Hydrogen is transformed into methyl cyclohexane (MCH) by reaction with toluene , and stores and transports hydrogen in this MCH liquid state similar as gasoline¹⁾.

¹⁾Room temperature / atmospheric pressure liquid with a volume of 1/500 of gas state.

(2)In hydrogen utilization site, hydrogen is separated from MCH by dehydrogenation reaction using catalyst²⁾ and supplied to customers.

²⁾Those catalyst now uses expensive platinum(Pt) by some degree.

Fuel Cell.

(3)**Electrode Catalyzer REVOLUTION !**

Electrical Motor Car with Battery is very simple,but former battery was expensive and fragile.

However recent R&D established Pt-less Fuel Cell with cost less than1/1000 !!.

Japan Co invented Pt-less Fuel Cell Electrode and supplied to Canada Co. 2017/9/13

(4)**H₂gas Generation by non Standard Method<Pulse Water Electrtolysis>**

(a)Stanley Meyer invented so called *Pulse Water Electrtolysis*,which generate gas energy more than input power for electrolysis.Thus this is also to become **REVOLUTION !!**

<http://jnaudin.free.fr/wfcbooster/indexen.htm>

Authorized academy say *it is energy conservation law violation,so we neglect* .However this universe total energy is zero<This is authorized>.Note attraction force is negative energy !.

$0 = \text{Positive matter energy} - \text{Negative Gravity Energy}$.

Due to Einstein, $E=mc^2$,then mass= m generate universal gravity of negative energy.Then note definition of catalyzer is **chemical reaction enhancement** in bonding or decomposition reaction without energy and change of itself ?(catalyzer).

(b) **Carbon Catalyzer would Destine Coming Future Energy Life of Us.**

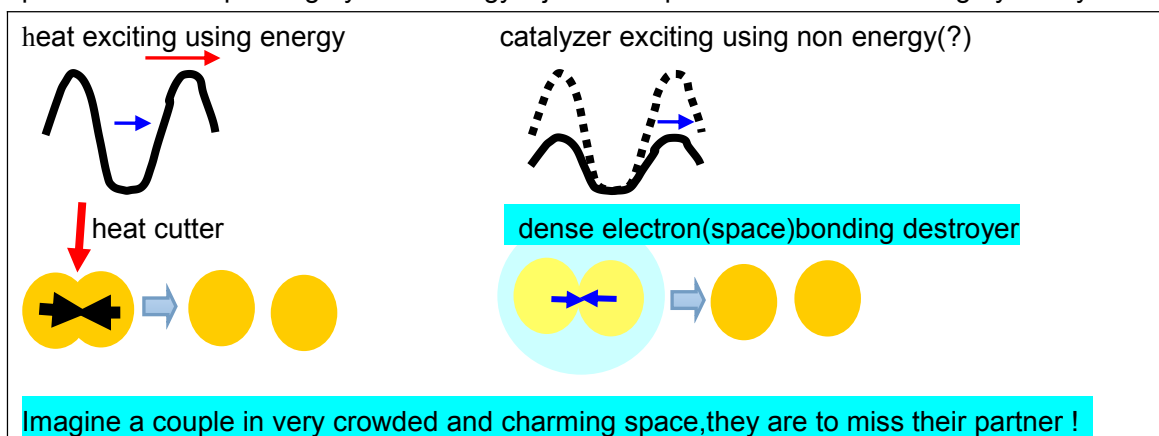

Thus R&D on non-Pt catalyzer is imminent to realize economy Hydrogen Energy System.

Once author surveyed fundamental mechanism of catalyzer and got simple interpretation on conductive metal surface with dense electron density.

<http://www.777true.net/Real-Image-of-quantum-Chemical-Reaction.pdf>

This is rather difficult for amateur,but is explained as follows.A chemical reaction needs potential barrier passing by heat energy injection or potential barrier lowering by catalyzer.

Metal such as Pt,Cu,Ag may be rather simple due to so called Band Theory of solid state physics,of which surface is filled with crowded semi-free electrons,then semi-free means being of attraction force toward inner space of solid,which is called **WORK FUNCTION**.

Singular feature of **Pt** is its strongest force than others(stable for chemical erosion).

However the value is not so much different with other metals.

While non metal CARBON is singular,however it has similar feature as the metal.Because they are told many bonding hands eagerly wish handshaking with others,thereby carbon compounds has the most kinds of chemical molecular in the nature world.

Maybe this mechanism would enhance decomposition of water molecule or methyl cyclohexane (**MCH**) toward H₂ generation.Then carbon must cut off his handshaking before long.This is mystery for now author,but must become glorious task for global researchers.

APPENDIX-6:Fatal Historical Trauma caused by Perpetual Struggles and Wars.

To know enemy and own enable victory in 100times battles.....Sun zu

Nothing is more damaging to a new truth than an old error.....J.W.Goethe

Holy mission of Jew religion leader was liberating enslaved people from brutal suppression by monarchism since EXODUS from Egyptian kingdom. While German with king motive was perpetual conquering other races. Even at now, this damned scheme never be changed

Note the Bible was written by religious Jewish people the persecuted in long history, While e Nordic myth was inherited by German people the perpetual war race in the past and the ruling class in modern world. Both were terribly had been being against with each other. After all it is their elites who had turned the now world upside down (anti God=Anti-Semitism). Especially NAZIS holocaust (and following perpetual struggle between Israel and Muslim nations) against Jew had damaged to their mind toward religious deep despair. While also German had noticed their awful destiny to be destroyer against mankind. All of dire events in modern history were related all with them <the world war the 1st, 2nd, and 3rd (climate war toward global extermination due to oil merchant Rockefeller with Bilderberger)>..

They are race who once had been seeking lands with less population and emigrating entirely toward north regions, however the region was too severe to live without sufficient resources, which turned their life sever, cruel to be war fighter against the other races, After all, some of them had become to consider themselves not loved by God, which turned to hate against Jewish people whose revealed mission is global democratization without violence ruling since era of Moses to Christ. It is their political mission that had caused more deadly hatred by non-Jew European Rulers. The consequence is Holocaust against Jew by NAZIS. NAZIS was secretly created by capitalists Rockefeller the Wall street rulers, thus NAZIS reincarnated in USA (CIA-military industry media complex the army of Rockefeller regime) after the war is anti-revolution machine for elite Bilderberger.

Their motive force is hatred against activists of Global Liberation.

APPENDIX-7:Complete Symmetry for Equality.

What created this universe is **nothing law the Almighty**,so everyone is equal in its very origin.

Nothing law allows "everything at all" must be !!,and there are infinite parallel running universe to accomplish the equality in God. Einstein was right,"**God never throw dice !!**".

The Simple,but Sure Verification.

If universe began by not nothing,it is not beginning.

If universe began by nothing,you may say it is impossible,

because nothing is nothing forever due to **causality law** the logic !.

However you can not prove being the law in **nothing world**.

This is assured position of Modern Physic due to so called **Observability**.

Simply to tell,you never tell nothing sure **without Visible Evidence**.

Postscript:After all,our urgent task is nothing,but only **rapid correcting gigantic errors!!**.
