

No advising on **Arctic Methane Emergency to Obama by American Science Society and DOE(Department of Energy)would substantially make him death penalty executer president on mankind.** 2014/9/24

Now we should talk truth by being **scientists** in order to recover normal way from becoming irreversible worsen way.Recent Obama government had tuned to substantially be **lie announcing** one on the Islam State with Syria bombing etc and the deadly climate crisis.

9/21 Climate March in NYC had realized massive peoples demonstration for climate alarming toward the world.Mass media reported only the fact with coming carbon reduction negotiation in UN,however they never tell deadly fact of **Arctic Methane Emergency**.

The media reported irresponsible topics of weather in coming 2050.

Current trend would not allow being of 2050 world by Methane fire blasting.

Note it is nobody,but **America** who can substantially rule destiny of the coming world.

Whether the world would become hell or not is determined by America.

Because America has **the most violence power** ruling the world.

America has also fact informations and technology.

None American has also fact informations,but they can not act by American Violence.

One of them is author himself who can testimony about **the American Violence**.

Note recent American(NAZIS usa) has been wars against **Islam** nations and with **Judaism** nation after **the evil 9/11 own playing terror**. Those strong theist nation people are of martyrdom.

On the other hand,American called own nation religion one,however author can not comprehend the contradiction between lie announcing government and true religion. American has been seeking only own profits by **overriding many other nations**. America,after all,has been secretly against God the order of {justice,truth,philanthropy}.

Certainly it is nobody,but **Satan** who destined ownself to be hell at last. Once people had convinced success of outstanding oil civilization prosperity,they could not admit own fatal failure in the delusional outstanding prosperity toward fireball earth hell. This is nothing,but a cause of their suicide.Nothing climate fixing means suicide at all. This is also haughty of established elderly elites who don't care their children. It is tragedy due to no repentance of **turning** from wrong to righteous.

This could be understood by a little study on **the American Realities**. Also American themselves had understood this fact more than any others.
