

Please confirm the fatal facts(on the climate) and make plan for global co-operation to act(No2 letter).

<http://www.777true.net/How-to-confirm-the-climate-emergency-realities.pdf>

Now author-himself can not have gotten the satisfactory solution of **climate policy**, but very incomplete one.It is design of **Life Assurance Strategy** for people with **Climate fix Engineerings**.Now we all must urge IPCC(UN)to admit their decisive failure to turn their conclusion.IPCC temperature projection is only rise and halt,but **not turn to down for the stability**. It would be disastrous to trigger Arctic methane catastrophe toward extinction hell.

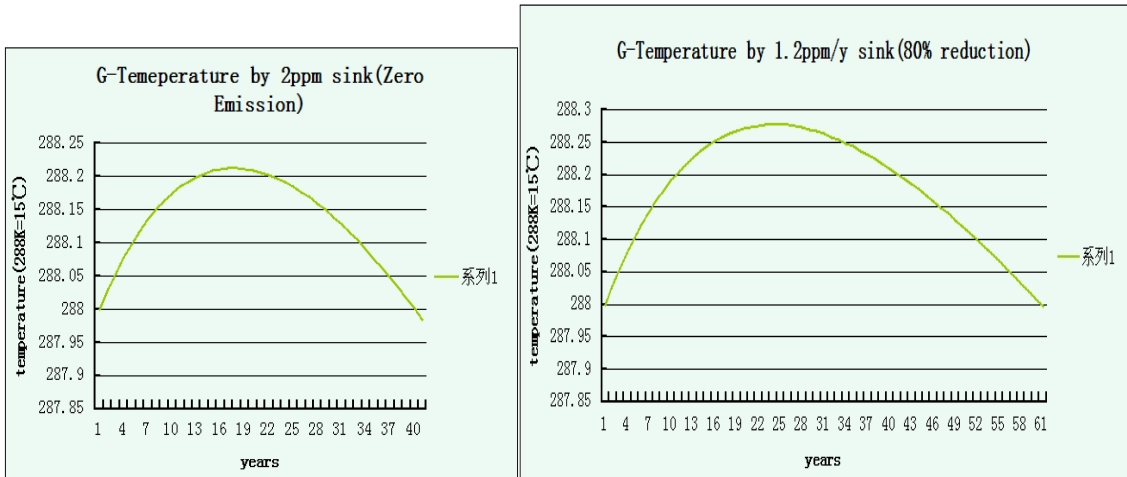

IPCC Temperature Prediction with emission scenarios(toward extinction !!!)

<http://www.skepticalscience.com/ipcc-overestimate-global-warming.htm>

<http://www.skepticalscience.com/iea-co2-emissions-update-2010.html>

Our projection is **recovering stable temperature**(by pulling down CO2 by 80%cut !!!.)

If IPCC(UN) would not go toward drastic own revolution to turn own failure conclusion, We -ourselves have to establish alternative **Working Group** to design and implement **necessary new climate policy**. This is our emergent task for all of you !!!
 Thereby ,Attack IPCC(UN)with our governments to turn their wrong projections !!!

*Climate fact recognition is simply verifying only the **scientific reality**(a **diagnosis** is essentially unique and only). While **climate policy design** due to the diagnosis is opting way of massive our life **in coming climate war time**. This could not be accomplished without massive agreement of global parties !!!.

The problem kernel is here !!!.

Something drastic skill may be necessary to turn our stubborn past thinking way !!!.

This is also our emergent task for all of you !!!.

Certainly the problem is outrageously too big, though coming hell is more outrageously too big ! !,.

People could do best once they accepted fact !!!.

Trust and Bet it !!!!!

The “ Most Barrier ” for Accomplishing	“ Global Massive Agreement ”
No Recognition on fatal climate reality In Strong Delusion by Global Massive and Synchronous Paralyzing in pleasure life in mass oil consumption civilization	Confirming the fatal Facts by Global Massive by own-self
Outrageous Difficulty of the Policy strong Hatred against the bitter Policy especially in conservative wealthy class	Confirming “coming Climate Hell World Reality” by Global Massive by own-self <u>Confirming Possible Solutions by Global Massive by own-self</u>
Distrust and Desperate the conscious or unconscious on Massive Others Cooperation Possibility	Confirming “Will “of Global Massive by each other’s frank communications

Now our decisive weak-point is "confirming realizable Solution by Global Massive by own-selves !!!.

*However,author-himself has been optimistic on the decisive **new energy engineering**, because once carbon energy were substantially baned,new energy development would **grow rapidly and massively in the world**.Now which has been substantially devastating by the cheap massive oil energy. Also because the problem is to live or to die.

.....

(c) **Distrust and Desperate on Massive Others.**

If people considered it impossible, it would become impossible, while people find it possible, it would become possible. Thereby, we must show the validity. The task shall be in next time.

* Person ability could find talent ability, while person inability tend to see the problems **pessimistic**. They has little experience of success. It is a problem of getting a skill. At first, they find an anything easy problem solvable in dairy life. An experience of success is important. Such perpetual trainings give **patience** and **joy** with **selfconfidence**. Selfconfidence could get **reliability** from not only own, but also from others and the consequence make them **generous** and **trust** to others. This is very important in **the era facing outrageous difficulties**.

* **Sense of Solidarity by decent Religion and Political Ideology,**

Recent authors important finding is decent Religion is **genuine** and the aim of decent Religion is **political solidarity** against **injustice**, but not only ethics teaches.

<http://www.777true.net/Proof-on-God.pdf>

<http://www.777true.net/the-upside-down-WEST-propaganda-world.pdf>

Above claiming would demand drastic reforming both established **Religious society** and **Leftist society** toward **their decisive reconciliation** and global solidarity making.

*Remember their initial history of religion and leftism, both of who had been terribly **persecuted by political power at that time (and also now time)**.

That right !! This is nothing, but both were revolutionary movements toward democracy.

The Bible, Ephesians. <http://www.bibleetnombres.online.fr/biblekjv/ephesian.htm>

6:12 For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places. Wherefore take unto you the whole armour of God, that ye may be able to withstand in the evil day, and having done all, to stand. Stand therefore, having your loins girt about with truth, and having on the breastplate of righteousness; And your feet shod with the preparation of the gospel of peace; Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked.
