

## The Big Baseball Players in Big Money Gamble Scandals

2024/4/14

### [1]: **Shohei Ohtani - MLB News, Rumors, & Updates**

<https://www.foxsports.com/mlb/shohei-otani-player>

In now USA, Shohei Ohtani has become an unprecedented and outstanding Japanese player, matching the record of accomplishments of the greatest baseball player of all time, Babe Ruth. Like Ruth, he is also remarkable for unusual ability as both a pitcher and a fielder. Ohtani's HR/AB, showing how many at-bats it takes to mark one home run, is 14.6.

However, recently, his interpreter assistant was arrested for involvement in illegal gambling, and Ohtani's fraudulent manipulation of bank accounts to compensate for his big loss came to light. Then Ohtani's response to the media of blocking reporters' questions **strongly suggests** that he is hiding something inconvenient due to the **business&political intentions** of the American baseball society and the United States (for Japanese)? There is a possibility that if the facts are made public, special measures will be taken to exempt him from being expelled from the baseball society. Essentially, he of self-conscious the giant player is more aware than anyone else that there is "no need for crime or malice". He could be another hero of the fact confessing by this action with **rejecting somewhat suspicious advice from his around**

☞ : At now it is not that author know the exact fact on this scandal.

**\*\*Shohei Ohtani interpreter allegedly stole \$16M from MLB star, lost \$40M gambling: What to know**

### [2] : **Ohtani's Personality and the Special Baseball Education in Japan.**

Like school education the general in Japan, it is entirely fascism education for children and youth in Japan in order to be obedient to the authority, **but without own free idea and opinion.**

***Weakening and Deterioration Education the anti-Education***

<http://777true.net/The-Wicked-Education.pdf>

The righteous aim of education is making non adult to adult who can make living by his own ability to feed his family. In business, they must find problem to solve to make more profit..

While in Japan they make children to children who only obey the authority, if not, they are to be punished by **strong point deduction principle** As the consequence, from 1990, Japan has been entirely declining in every aspect, in politics, economy, academy, life way of people, people's personality deterioration. Especially political decadence is remarkable making people more desperate. Why they have become so terrible enough?. It is USA.

### **[ 3 ] : Ohtani's Strong Effect in Japan.**

At first,the Media has been treating him in large portion to decrease general news of increasing inconvenient one in recent decaying Japan.

A modern Japanese has strong inferiority complex against white people nation,so his outstanding playing becomes joy for many Japanese who has been facing declining Japan.It also great deceiving effect of increasing pro America who actually has been strongly exploiting and damaging Japan(written in the below)with huge cost.Especially note this is entirely not Ohtani's private responsibility,but the ill will Japanese media the betrayal without the fact disclosing.Also author hope his more growing both in baseball and in awareness on his invisible political role..Any people watching baseball has.his home economy with difficult business in the declining world.Really author fight against NAZIS USA,while he love US Jazz culture and respect Americans of the truth who fight against and once taught him NAZIS USA.

## APPENDIX1;Another Basic Balls(elementary particles)Game.

Also author may have been **basic balls player** by hitting down 12B\$ SSC project.

This is so to say a complete wiping out all base runners by goodbye home run !!.

SSC is Super conduction Super Collider for elementary particle research experiment facility in Texas.In 1993 Spring,author contributed a very fundamental thesis on elementary particle theory to Kyoto University in Japan.In 1993 Autumn,USA senate declared canceling.SSC in the construction of half way.They explained the financial difficulty,but the fact is entirely not money,but pure scientific cause.After all,the thesis had made SSC of no use,because,it had become evident that elementary particle theory had become completed.

### The Clear 3 Evidences of Completion of Elementary Particle Theory.

**I** :Elementary particle theory is wave field **dynamics** one determined by **an** Action Function.It is so to say a wallet.People acts(dynamics)to **pay the least money**.

Also note classical dynamics is only a Newton equation **force=mass x acceleration**.

**II** ; Action function is determined by General Gauge Principle due to the Principle of Equivalence(A,Einstein 1916;;R.Utiyama 1956;;;M Suzuki1993).

**III** : Unified elementary theory had been completed by so called Gauge Field Quantization. <1967,L.E.Faddeev & V.N.Popov>→Quantum Gravity Dynamics (**QGD**) 。

☞;Authors works were fixing **II** on a error(1993) and test driving the theory(1995,**III**QGD).

Matter evolution and BigBang Process<sup>(a)</sup> of gauge field dynamics etc are derived.

**Thereby,once again he strongly demands the fixing fee of SSC of no use to American Physical Society and DOE of US Government(1% of SSC cost).**

Note he has been in terrible poverty since 1993 by substantially bankruptcy.The poverty with lawless life has been killing him silently and slowly.Now he(76 old with disease)is way toward homeless.

[http://777true.net/Compensation-Petition-on-the-Needless-of-12B\\$-SSC.pdf](http://777true.net/Compensation-Petition-on-the-Needless-of-12B$-SSC.pdf)

☞;Even at now,2024,many injustice researchers is engaging the research,which is big tax wasting.
