

The Education with Academism in the Chaotic Global DS regime.

- ① Our 1st mission is turning **Gaza horrible genocide the unprecedented.**
- ② 2nd is **establishing new Economics** in coming inevitable Great Depression the 2nd(GD2).

Since 2020, the world had drastically changed from the usual world to dystopia one due to the fatal failure of DS(Deep State→**APPENDIX-1**). Now we all the planet inhabitants are heading toward climate extinction. We all are facing also unprecedented moral collapse (=global depopulation plot) in Gaza genocide and coming inevitable Great Depression.

Then let us discuss the decisive responsibility of our colleague sharing **physics** tool simple in the origin principle, but powerful in the versatile applications{< I >, < II >}.

[1-1]: Donald Trump has not easy understanding two face of bad and good .

- ① It is he who allows Gaza war **genocide the unprecedented.**
- ② By any president, coming **Great Depression the 2nd** is inevitable by the US accumulated debt caused by that after the war, global economic grew by big US import from around the world. Now he clearly turn the regime by high tariff hated by the world(**APPENDIX-2,3**). Both US and others nation are selfish, and both must face the same destiny GD2nd.
- ③ It can be **only he(Kennedy)** who challenge CIA-Military Industry Complex the DS kernel. DS reincarnated NAZIS in US has been the Grim Reaper against the world after the war.

Trump plans to cut 1,200 jobs from CIA, other US spy agencies:.

<https://www.aljazeera.com/news/2025/5/3/trump-plans-to-cut-1200-jobs-from-cia-other-us-spy-agencies-report>

Cuts will reportedly take place over several years and be accomplished through reduced hiring as opposed to layoffs

Will Donald Trump Tame the Military-Industrial Complex?

"I will expel warmongers. We have these people, they want to go to war all the time. You know why? Missiles are \$2 million apiece. That's why. They love to drop missiles all over the place. I had no wars.... I will expel the warmonger from our national security state and carry out a much needed clean up of the military industrial complex to stop the war profiteering and to always put America first. We put America first. We're going to end these endless wars. Endless wars, they never stop."

[1-2]:The Education with Academism in the Chaotic Global DS regime.

All people are the products of Education with Science,they determine this world of good and bad.The influence is dominant **to judge true or false** especially in now the critical world.

(1)The Betrayal in Science.

(a)If scientists sold fakes or hided truth,it is business of the swindler Academism.High pride professors in the DS regime will not admit the serious betrayal fact.Author once mathematical physicist can testimony the fact.To tell from the beginning,in launching

<http://www.777true.net/>

an aim was exposing those fact in {logic,math fundamental,quantum physics fundamental, electro-magnetic seismology,fluid dynamics,statistical climate dynamics,economy network dynamics,.....}.Then note logic,math and physics very fundamentals,those are related with basis of recognition on the essence of this world(religion and ideology),while the others are were motivated by actual needs in our life,so hiding the truth are damages for people life.

<http://www.777true.net/Scientific-Mechanism-of-Prophecy-by-Dipole-Chain.pdf>

[http://www.777true.net/Compensation-Petition-on-the-Needless-of-12B\\$-SSC.pdf](http://www.777true.net/Compensation-Petition-on-the-Needless-of-12B$-SSC.pdf)

<http://www.777true.net/Math-Physical-Science-Library-List-in-777true.net.pdf>

(b)The recent most serious damage is fact on Covid 19 the man made bio weapon.Also the vaccine side effect is too serious,as for which,many medical scientists themselves has been accusing in the world.Why such criminal events in Academism world had occurred ?.

(c)The most serious final damage is fact on CLIMATE the man made deadly disaster.

Then,IPCC scientists has been hiding the fatal risk of Arctic Methane Catastrophic.Also decisive necessity of the rapid realization(2020)of 80% CO2 cut has been being hided.

<http://www.777true.net/Rapid-Launching-Climate-Engineering-could-Save-the-World.pdf>

As for which,[some scientists themselves](#) has been accusing in the world.Why such criminal events in Academism world had occurred ?.

(2)Almost of them belong to evil DS regime.

Fundamentally,almost scientists{professors and teachers with students} in public financial institution and private rich university belong to DS regime(~ Democrats supporter) .

https://www.efinstitute.org/wp-content/uploads/2024/10/EFI-PoliticalDonations_JGreene.pdf

<https://bryanalexander.org/politics/the-professors-are-the-enemy-j-d-vance-on-higher-education/>

(3)Physicists-Teachers in DS regime are Fatal Failure.

Thereby it is Trump admin side peoples such as(Alex Jones,Robert Francis Kennedy Jr,Tulsi Gabbard,..)who exposed and accused those criminals.Thus I have to warn you the physics teacher union that DS has been grim reaper against the humanity world

(APPENDIX-1).

(4) **Trump admin has become desperate on climate causing suicide policy in oil drilling.**

Current trend of the global opinion had become terribly apathy to climate, even though they had become known the climate worsening year by year. Depressed by helpless !.

(a) **Turning crisis becomes chance!!** <principle is simple, but the realization is hard>.

In coming Great Depression the 2nd would turn business as usual into something poverty regime, it is near wartime regime ? which could be once again turn to climate wartime regime. The time loss (2020) could be rapidly recovered by following rather horrible method called

(b) **geo-engineering.**

<https://www.youtube.com/watch?v=dSu5sXmsur4>

<http://www.777true.net/The-Urgent-Task-of-World-Military-in-the-Operation-EndGame-Times.pdf>

(c) In order to accomplish **the rapid global consensus** <this had become fatal failure in the past times>, it might need a someone tyrant with powerful intellectual subordinates.

A possible method to launch a someone tyrant is making a **final AI the God**.

Then we must ask the AI how we are to do ?

In the essential principle, AI and mankind recognition are the same.

<http://www.777true.net/COP29-the-Most-Irresponsible.pdf>

APPENDIX-0; Why AI at now Can Become Universal !

By learning **the whole of knowledge**, it could become a God superior than any mankind.

This project must be started by soon as possible by wealthy donation.

Peter Thiel, Zero to One: Summary and Review

<https://howdo.com/book-summaries/zero-to-one-summary-and-review/>

https://note.com/ryosei_business/n/n69f2b256e943

In his opinion, apart from the development of digital technology, material progress has stopped since the mid-20th century. Progress has continued in the world of bits, but it has only been progress in a narrow field, and these technologies have been internal, promoting the atomization of individuals (diluting their relationship with society) and making people inward-looking. He is concerned that technological progress that changed life itself, such as space transportation, the evolution of materials, and antibiotics, was completed by the 1970s, and since then, there has been only gradual evolution such as improvements and improvements.

Digital software has made great strides in increasing business efficiency, but progress in the hardware world of such food, energy production has stagnated!. Take the example of Silicon valley investor Peter Thiel, who was very successful in the software field, but realized that it was actually dangerous and made the big decision to switch to hardware, and in politics he switched from the money-powerful Democratic Party to the revolutionary Trump Republican Party, this is condemning and rejecting his own path toward great success!!

(6) **Economics now had become a Dynamics(END)< II >.**

<http://www.777true.net/Quick-Guide-to-Economy-Network-Dynamics.pdf>

because it has evident physics dynamic equation driven by **force of selling and buying**. Similar as energy conservation law, **total debt—total credit=0**, derived from the equation. Any people lives in reciprocal flows of goods and money (economy their main concern) .

income-outgo balance equation<in a year>.

The basic equation is **surplus(debt)increase = sum of income — sum of outgo.**

$$\begin{aligned} \frac{d}{dt}[\omega_{ij}(t)l_j - D_j(t)] &= \sum_{k=1}^N \omega_{jk}(t)l_k(t) - \sum_{k=1}^N \omega_{kj}(t)l_j(t). \\ \text{j's <surplus — debt> year increasing} &= \text{j's sales sum} - \text{j's payment sum.} \end{aligned}$$

(j) $\xleftarrow{\text{orange}} \{k\} \quad \{k\} \xleftarrow{\text{blue}} (j)$

$$* \frac{d}{dt}[\omega_{ij}(t)l_j - D_j(t)] \equiv \{[\omega_{ij}(t+1)l_j(t+1) - D_j(t+1)] - [\omega_{ij}(t)l_j(t) - D_j(t)]\} / 1 \text{ year}$$

note : $\Delta M / \Delta t = 365 \times 24 \times 3600 \$ / \text{year} = 24 \times 3600 \$ / \text{day} = 3600 \$ / \text{hour} = 1 \$ / \text{second} = dM / dt$.

Economics has two face of the Ideology the most troublesome and a pure **accountant**. END's position is entirely independent from any **ambiguous ideology**, but a pure accountant. Thereby it is basically oriented to the computerization.

Warning on END(Economy Net Work Dynamics).

The essential idea of END is describing variables in all the account books the total economy system. Thereby this is not a man made model theory. The top task is **anticipating (calculating) coming economy** by inputting own economy operating variables {goods price of profit(interest) rate with necessary costs} with uncertain external others variables such as {necessary costs due to others products}. **Note author did works only on the abstract fundamental structure, but not the concrete details in its actual pragmatical applications.** That is, END is not complete at now, which needs more development by you.

*In order to freely develop END hereafter, author will not demand the copyright fee, however he is actually in poverty by bankruptcy due to [many illegal intervention for long years](#). That is, his poverty has become someone's income troubles. So he wish anyone's donation.

[2] : President Trump can not stop the horrible Gaza Genocide,

,because he was almostly grown up by the Jew power in US, and by the other reason.

Trump's Jews

<https://www.tabletmag.com/sections/news/articles/trumps-jews>

The president has Jewish family members and friends. Here's who they are.

I am not antisemitism, but consider them the outstanding great religion race of class struggle in long mankind history. Therefore operated NAZIS (the origin of DS) hated them to have caused the horrible Holocaust and forced to have established the illegal Israel. The perpetual conflict at there were originally conspired by who hate religion and class struggle.

Now by anyhow !,we must stop the genocide in Gaza(they are ourselves in tomorrow)

①**Trump admin stop Israel supporting by American riot to cut Jew connection?!**

It might need a dealing between the admin and you the academy and education society

Now he strongly hate your side not only in such antisemitism movement,but also in not the large supporting to the admin by your side the academy and education.

Especially note that the admin now are unprecedented challenging on revolution in **economy regime** by the poor power<the economists in the admin seems very few and out of main stream(DS side)> . The regime changing would need large scale calculation on the simulation .That is,they need strong and able supporters.Then you should debate them yes or no on what is **their final ideal regime**.Then you must admit that economy now had become terribly declined by huge accumulated debt causing inevitable coming **Great Depression the 2nd**.→**APPENDIX-2,3:**

This serious inevitable problem is not only for US,but also for the world wide.Coming new economic regime design pursued by the admin is also serious problem of us not American. Also author in Japan the most US creditor has been watching the admin.

②**Stop Netanyahu admin by Israelite riot to stop the genocide in Gaza,**

(1)Now he had become a big international wanted criminal against humanity. While there is a big, but invisible event that the mainstream media has been avoiding: the quiet hatred that has developed among the people of Israel, Ukraine and Russia over the long war lasting. Those 3 nations are commonly taking **strong wartime fascism regime to suppress right** on peoples speech and writing.**Then international opinions** must aggressively intervene those nations to survey true demands of the people<stepping down of the leader to stop the war>.Following is very fundamental to stop the genocide.

Albert Einstein Praises Zionism,but Opposes Partition of Palestine,April 17, 1938

<https://israeled.org/timeline/albert-einstein-praises-zionism-but-opposes-partition-of-palestine/#>

I should much rather see reasonable agreement with the Arabs on the basis of living together in peace than the creation of a Jewish state. My awareness of the essential nature of Judaism

resists the idea of a Jewish state with borders, an army, and a measure of temporal power, no matter how modest. I am afraid of the inner damage Judaism will sustain—especially from the development of a narrow nationalism within our own ranks, against which we have already had to fight strongly, even without a Jewish state...If external necessity should after all compel us to assume this burden, let us bear it with tact and patience.

(3)The great physicist had already anticipated and warned the desperate state of Gaza and Israel **at now possible the worst case**.His proposed reasonable agreement between Arabs and Israel is toward their ever lasting co-living.Netanyahu admin had turned to be NAZIS and horribly has been destroying possibility of their reconciliation.

APPENDIX-1:DS=Deep State=Operation ENDGAME.

(1)The Over All View.

The now world has been being ruled by the few elites hereditary(*Bilderberg Group*). Their final plan is *global depopulation* to evade class struggle riots by people in facing [climate collapsing world](#).

The essence is simple, but the result is stupid and horrible enough. That is, the very few elites (Rockefeller and UK royal the hereditary family) fear for their top status decline due to coming huge political riots in climate worsened world. To tell for the origin, it was the Oil Emperor who knew climate risk and determined to hide it and had made world toward extinction. 2020 was the turning point to **revolute the world doing against climate** or keep **business as usual** to result climate more worsened world.

<https://www.scientificamerican.com/article/exxon-knew-about-climate-change-almost-40-years-ago/>

(2) **Bilderberg Group** < Rockefeller & UK royal = the top commander of Deep State (DS) >.

After world war the 1st, many kingdom nations corrupted (class struggle). Therefore, [Rockefeller supported NAZIS establishment](#) to purge Jews the religious and class struggle race, then the defeated Nazi person and technology was secretly imported to USA ([operation paper clip](#)) to establish the [Military industry Complex](#) with CIA (Deep State=DS). After all at now, most of the nations in the world has been secretly being ruled by DS employing secret mappet elites ([operation Condor](#), [operation Gladio](#),,)

☞ : Recent many US people became known evil [DS](#) and in 2015, Trump presidency declared anti DS and launched many revolutionary policy aiming to destroy the economy base of DS (the global established regime) by caring and compromising with Wall street. Thereby people not noticing evil DS were to hate their unusual upside down policies such as high trade tax, purging federal bureaucrats, ... causing high prices toward recession (2nd Great Depression).

APPENDIX-2: Inevitable Great Depression the 2nd(=GD2).

Causes of the Great Depression(positive feedback by something failures)

Bank failures(chained bankruptcy)

Large disaster crashing infrastructures in large region

Banking panics and monetary contraction

Stock market crash(1929)

Now author can not tell the exact catastrophic time, but also he can not evade the conclusion. As for the global elites, it is the already planned event. It is almost amateur people lived in long times of business as usual who will not admit event unfavorable for them.

It is difficult time for a while, but it could turn out to be great chance for favorable turning.

It is not only USA, but also the world nations in coming Great Depression the 2nd.

Note it is up to all of your the comprehension, success or failure !!.

(1) **Zero Sum Theorem In Finance**(1997).

All the Debts = All the Credits.

<http://www.777true.net/Quick-Guide-to-Economy-Network-Dynamics.pdf>

After the war, the global economy growing all the credit=monetary asset also expand the all the debts in the world especially in USA who once had entirely been buying goods and borrowed \$ from around the world. No ever lasting, but any growing will face its ending time the catastrophic point. The symptom is evidently viewed in (2)(3) the steep growing debts.

☞; In math or dynamics general, stable means cyclic vibration around the equilibrium point, while **unstable(toward transition)** means steep exponential curve increasing or decreasing by positive feedback(chained bankruptcy).

☞; A perpetual increasing debt is to expand the debt cost in the total budget and reduce free budget portion, thereby, a policy maker hate higher interest rate. In the other hand, in such great depression, it is national emergency times when policy maker become able, or no option but to force strong policy such as tax for wealthy class.

APPENDIX-4 : How to Make a Confident Person.

(1) **The DS regime do not wish increasing confident people, but worsening them.**

Now in facing extinction time, it is do revolution or die, while young generation is called Z one who are told to be easily deceived or obedient to authority <This is the terrible result of the Education, also author once surveyed as follows ([The Wicked Education](#) not English)>.

The conclusion is destroying self confidence in the evil education.

<https://bryanalexander.org/horizon-scanning/american-views-of-higher-education-continue-to-worsen/>

Especially in today's world, we are in an unprecedented restrictive and unfree age in computer surveillance system. In France of the yellow best movement times, the president Macron took outrageous brutal police policy to cause many damaged resistance French and to cause some policemen themselves suicided due to strong own sin obligation.

Also Trump admin takes similar policy in US?!

(2) Recently author noticed personal similarity of two outstanding confident men, Donald Trump and Nobunaga Oda the samurai general who sparked unified peace time nation during the chaotic time of hegemony struggling wars in end of 16th Century Japan. His father's education policy was unusual at that times, it is entirely freedom of own desire to grow his own good skills in order not fail own confidence. As a result, he destroyed the existing system and forged ahead to build a new nation.

What he once told to voters might be almost the big bluffs <but those are righteous against evil DS>. If their subordinates believed and can realize, it will have become actual effective policy, That is, all that of the admin policy is up to those who really support the realization.

(4) **Evading Failure.**

- (a) In beginning is thoroughly fact surveying, at now many fail in this phase.
Many will not accept facts unfavorable, or are massively deceived.
- (b) Abandoning past success in business as usual. Many fail in this phase.
Many adhere past success, while times go on.
- (c) Entirely pursue own creative thinking in the whole recognition{(a), (b)}.
- (d) Making big solidarity toward winning in the individual responsibility,
