

**Dear Climate Worriers Orgs in each nation and UN.**

2015/6/3

Now climate meeting is holding in Germany, then I wish you could deliver this information to them.

**You never could be saved by IPCC's temperature projection, but toward Hell.**

Do you know the deadly reality of IPCC projection on global temperature which will not once again return to safety level temperature of about at now < APPENDIX-1&2 >.

That is, so long as you would be following the miserable **IPCC** threatened strongly by EXXON-MOBIL the imperial Rockefeller, you would have been **toward climate hell world with nothing salvation !!!**

<http://www.777true.net/IPCC-the-injustice.pdf>

Your organization should emergently call author to the testimony and collaboration toward setting emergent project teams.

Time by **6 months** could accomplish full report for correcting the former opinions on **climate policy**. If you would have failed in the imminent **COP21 in Paris**, our planet would be nothing salvation !!! Above all, your org has decisive ability of judging on scientific fact, who must owe the deadly responsibility. Following are entirely not authors opinion, **but deadly facts**.

### **(1) Emergent more than 80% CO2 cut.**

See below **APPENDIX-1&2**.

At a glance, you may consider it absolutely impossible, but it could be possible. At first you should remind the old days without massive oil consuming. On the other hand, wind and solar <non carbon> power could rapidly grow powerful by **CO2 cut policy-itself**.

*\*Author has been trying about 80% cut life by 500W solar generator and 800W solar water heater. However solar is weak in cloudy days. So average power may be about half. What was authors original profession ?. Unless interferences, he could have done 100% cut. There has been an insidious org who has been interfering on disclosing **the realizability**.*

### **(2) Emergent starting Arctic Cooling Geoengineering to intercept Methane Catastrophe**

<http://www.ameg.me/>

<http://arctic-news.blogspot.jp/>

<http://www.777true.net/How-to-Make-Clouds-for-intercepting-solar-heat-in-Arctic.pdf>

*\*This is the emergent and decisive problem, as for which author himself could refer only some theoretical aspect. Above all, the world must emergently be awakened **the planetary emergency !!!**.*

(3)By "**GLOBAL SOLIDARITY**" against the brutal militarism USA, intercept the international false flag wars by them, which has been influencing global stability and heading toward **world war III the operation End Game**.

<http://www.777true.net/Global-Politics-Matrix-could-predict-coming-future-world.pdf>

<http://www.777true.net/It-is-us-who-are-on-the-GermanWings-Airbus-A320-whose-door-is-firmly-locked.pdf>

<http://www.777true.net/The-Rockefeller-File.pdf>

**The US Big Oil & War Merchant** has been conspiring to **hide the deadly climate problem**. The 9/11 and following cruel false flag wars in the **Middle East** and recent **Ukraine** has been being operated by them. It is the climate worsened that has been causing global false flag terrors and wars, now which are heading toward **world war III** the operation EndGame. The interfering climate mending was caused by the US Big Oil Merchants, and now they are conspiring to vanish the evidence by launching **world war III**.

**APPENDIX-1: About on more than 80%CO2 cut the reference data:**

[ 5 ] :IPCC has nothing simulation on **temperature recovering to now state**.

[http://www.777true.net/The-fatal-failure-of-IPCC-climatology\\_Why-is-IPCC-impossible.pdf](http://www.777true.net/The-fatal-failure-of-IPCC-climatology_Why-is-IPCC-impossible.pdf)

Also this is fatal. By temperature rising only, it is too evident that globe becomes full disastrous toward extinction.

**IPCC Temperature Prediction with emission scenarios**

<http://www.skepticalscience.com/ipcc-overestimate-global-warming.htm>

<http://www.skepticalscience.com/iea-co2-emissions-update-2010.html>

(P1): The Reason of more than 80% CO2 reduction <also see p13,14/14>.

[http://www.777true.net/This-is-the-most-emergent-problem-of-to-live\\_or-not-to-live.pdf](http://www.777true.net/This-is-the-most-emergent-problem-of-to-live_or-not-to-live.pdf)

[6] : 777true.net showed **temperature recovering process**

Unless Arctic Cooling engineering, also this would be in vain..

By about 60 years long tough life, we could accomplish **grory future** for the next generations !!!.

The reliability of simulation was proved by recovering the record of 1850~2010

<http://www.777true.net/Accounting-principle-verify-reconstruction-the-Past-Climite-Records.pdf>

<http://www.777true.net/Definition-on-Radiative-Forcing.pdf>

(1)Our conclusion is due to **zero dimensional model** far simple than IPCC,s.

However the **reliability** could be seen as **0.85°C rise(1850~2010)** record is almost reconstructed.

<http://www.777true.net/Accounting-principle-verify-reconstruction-the-Past-Climite-Records.pdf>

[http://data.giss.nasa.gov/gistemp/graphs\\_v3/](http://data.giss.nasa.gov/gistemp/graphs_v3/)

<http://www.777true.net/Accounting-principle-verify-reconstruction-the-Past-Climite-Records.pdf>

[http://data.giss.nasa.gov/gistemp/graphs\\_v3/](http://data.giss.nasa.gov/gistemp/graphs_v3/)

## **APPENDIX-2:more than 80%CO2 cut the livelihood.**

See following web pages.

<http://www.777true.net/Life-Assurance-by-National-Strategy-in-coming-climate-WAR-TIME.pdf>

[http://www.777true.net/Part\\_6\\_non-carbon-Energy-Engineering.pdf](http://www.777true.net/Part_6_non-carbon-Energy-Engineering.pdf)

Those could not be **sufficient** by authors small ability, but by the great global ability.

Certainly the problem is outrageously too big, though coming hell is more outrageously too big ! !, . **People could do best once they accepted fact !!! . Trust and Bet it !!!!!**

## **APPENDIX-3:About on the deadly facts=(1),(2),(3).**

As you instantly see, the deadly facts = any of (1),(2),(3) may be extremely difficult to implement !!! . but not impossible to realize. Unless the realizations, which means our extinction !!! . Certainly our situation at now is defeating by 99.9% probability. However there still would be 0.1% winning probability. Therefore, it is decisively imminent to make global solidarity against the difficulty. Author himself had faced many difficulties in the past, however he could manage those by anyhow with an **optimism**. A lucky might be caused by following to heavenly will ??? ! ! An unlucky might be caused by disobedient to heavenly will ??? ! !

It was entirely small private experiences, then once we could have gotten global solidarity,

**we could concentrate the Great Global Abilities toward the problems (1),(2),(3) !!! .**

**This is nothing, but destined our emergent mission !!!**

## APPENDIX-4:the climate policy summary.

How to sale **the Climate Policy hated by All??!** =What have they been wishing ?  
Substantial climate debate ② had already been determined,so that our tasks are ① & ③.

### ① **Comprehensible and Favorable Possibilities(Realizability) !!.**

(1) **Non carbon Energy Engineering**(wind turbine,solar heater,...)

[http://www.777true.net/Part\\_6\\_non-carbon-Energy-Engineering.pdf](http://www.777true.net/Part_6_non-carbon-Energy-Engineering.pdf)

(2) **Arctic Cooling Engineering by global co-operation.**

(3) Green-nization (forestation) toward increasing **Mass Foods Production**

(4) **Mass Employment** as soldier against **Climate War**

by nation strategy with global governance.

(5) Ever lasting Ramadan Festival (musician, actor, sport player, artist,.....)

<http://www.777true.net/Life-Assurance-by-National-Strategy-in-coming-climate-WAR-TIME.pdf>

### ② **Comprehension on coming desperate Hell World, unless the measure !!.**

(1) **Arctic Methane Catastrophe** following ice lid vanishing in Arctic.

(2) Coming wild climate era causing water & foods shortage with climate disasters

<http://www.777true.net/non-ippcc-Climatology-toward-Coming-Climate-Crisis.pdf>

### ③ **Anticipating for possible interferences against our Global Solidarity Operation.**

*By knowing enemy and own enables no defeating even in hundred battles...Sun-Tzu*

The deadly climate fact (Arctic Methane Catastrophe Possibility) has been hiding by them.

Climate cure never be done without cure on global oligarchy Bilderberg Group the hereditary

power of USA & UK imperials with CIA-military industry complex. They are **the most enemy**.

= *people and nation are those who should be exploited by the supremacy..*

<http://www.777true.net/The-Upside-Down-World.pdf>

PS: Certainly the problem is outrageously too big,  
though coming hell is more outrageously too big ! ! ,.

People could do best once they accepted fact !!!.

Trust and Bet it !!!!!
